Dear New Faculty Member:

As the Director of the University of Alabama Press (UAP), it’s my great pleasure to welcome you to the University of Alabama. As the scholarly publishing arm of the University, UAP would like to be your partner in developing your professional career in Tuscaloosa and advancing the teaching, research, and service mission of the University.

Now celebrating our seventieth anniversary, UAP adds more than eighty new titles each year to our backlist of 1,700 titles in print. A proud member of the Association of American University Presses, UAP has award-winning titles in archaeology, anthropology, history, literature, literary criticism, Judaica, rhetoric, public administration, and the history of science. We are a leader in ebook conversions and have more than 900 books in at least one ebook format and more than 700 in popular Kindle and Nook editions. As you develop curricula, please include UAP’s catalog of award-winning titles in your search for course adoption materials.

Please also consider bringing your own book projects to UAP. Our acquisitions team welcomes the opportunity to discuss manuscript ideas. Thanks to the support of the University and our editorial board, which comprises representatives from all doctoral-degree-granting public universities within the state of Alabama, UAP provides the highest standards of editorial, production, and marketing services. In the event that you prefer to publish with another press—prior associations, a better fit with another publishing list, whatever the case may be—please think of us as a potential adviser as well.

We wish you the warmest of southern welcomes and hope you will visit us in person at our UA Press Open House during University Press week in November.

Roll Tide!
